HAPPY MAY AND HAPPY MOTHER'S DAY TO ALL OUR MOMMIES OUT THERE!

In Honduras, the forced quarantine is now over two months old. However, we are choosing to look on the positive side of this time. At the village and at our house, the children are continuing their classes via WhatsApp lessons sent out five days a week by our amazing teaching staff. Our college kids are all doing online classes. At all our houses we have hourly schedules for waking, devotions, school, chores, playtime and exercise, meals, games, and bedtime. Seems to be going well. I am happy to report that to date, none of our H2H family in Honduras has become sick with the virus. Praise God!! Thank you for your prayers for us. Please continue.

LIFE UNDER QUARANTINE

Isn't this an exciting time to be alive? We have been living under martial law in Honduras since March 13th. Such an adventurous way to live!! We are only allowed out every ten days to get gas, food, prescriptions, and go to the bank. All other stores and business are boarded up and closed!! It is like living in a movie.

The girls (26, ages 14-27) along with Oscar's mom, Lyle and me, his nurse and Oscar are confined to our house. We have a "Blessings List" on the wall where we list our blessings as we recognize them. We all do thirty minutes of private devotions every day at 8:00 am. At 8:30, we have group devotions. Oscar creates the audio devotion each night for the next day. I send it out to all of our 400 students and their families, and to all our other family here and in the states who speak Spanish. Do you have WhatsApp? If you do and want me to, I will send his audio devotions to you each day, too. Let me know! (maryf@h2hcv.org)

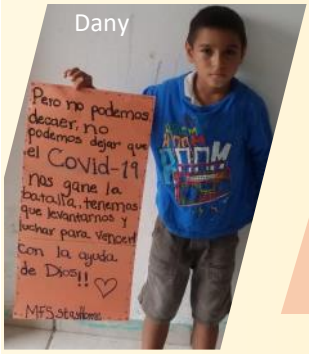
At 9:00 am, the girls all begin downloading their school assignments sent by their teachers on WhatsApp. At 7:30 each night, we have praise/worship/Bible memory/Bible study/prayer and play some silly, really fun indoor games. We are getting so much closer to each other. All our San Pedro Sula university girls are here with us. Every day, God gives me the lessons/scripture He wants our girls to learn. The other night, the girls wrote good things that have come out of this quarantine time. Almost everyone said, "The family time we are getting together."

Online school via WhatsApp began March 30th at both our Spanish and Bilingual schools. All but a few of our 400 students are participating and their parents asked me to tell them what time we, here at the house, do devotions, so they can do them at the same time at their homes. At the village our Katherine, now 24, who came to our family at age 12, is with the girls' and is helping with the online school and at the boys' house Nahun, Nicolas and Julio, all in their late teens and early twenties and who came as little boys to our family, are doing the honors. They report all is going well. Once a month, our friend Marcel is allowed out of Puerto Cortes to go to the village with food and supplies. God is providing for all our needs AND a few of our wants, even.



But we cannot lose hope, we cannot let the Covid-19 win the battle, we have to get up and fight with God's help

Thank you medical personnel

Thank you for taking such good care of our health.
God Bless You

Amy's Dream - part 2

Amy's Dream Club Kids, from Chile, (my girls call them our "peppers" when we pray) are a concern, but I know God is caring for them just as he is caring for us. Oscar told me several supporters have contacted him about sending funds for us to feed them and others without food in these times. So, as soon as he can set it up, we will have come full circle. Our first outreach when we began was "Meals from the Heart" that Amy, Oscar, Marcel and Elvia started in September 2003. It is where we met the first five boys who came to be our sons. Now, we are back in the "Meals from the Heart" ministry again. Don't you just LOVE how God gets His plans accomplished? One huge blessing in all of this is that the abused, abandoned children Who God sent to our family over the last years are the very ones who now are paying it forward in service to others who now need their help. It is a fact that Honduras remains the second poorest nation in the western hemisphere next to Haiti, and now more than ever, people are literally starving to death. If you can donate funds toward this over and above your normal giving, please send them to our office designated as such.

Serrano's are home

Oscar, Sarah, and Rachel were finally able to get a flight back to Honduras, and then, after a 2-week quarantine in our San Pedro Sula college girls' house, they are home in Puerto Cortes. On the day I am writing this, Honduras has 738 confirmed cases of the virus, with 543 of those cases in our Cortes location. So, the quarantine has been especially severe here.

2 Corinthians 1:3-5 (NIV)

"Praise be to the God and Father of our Lord Jesus Christ, the Father of compassion and the God of all comfort, who comforts us in all our troubles, so that we can comfort those in any trouble with the comfort we ourselves receive from God. For just as we share abundantly in the sufferings of Christ, so also our comfort abounds through Christ."
